

‘SO ONE HAS TO THANK HIM FROM THE HEART’

“So today is the day of Christ’s resurrection. You should say it’s a resurrection for all of us. He is the one who managed it, who did everything for us and He’s the one who has helped us so much, otherwise Kundalini could never have entered into Sahasrara.

So, one has to thank Him from your heart, plus you should try to imbibe His qualities.

One other quality is there, that if people try to criticize your Mother or try to insult your Mother, you get angry. That is just like Christ. He could not tolerate any insult or any kind of a neglect of His Mother. He Himself has said that this will not be tolerated. In the same way, you people also, if you have only for that, then I am with you.

I am absolutely with you, that you do not have any more the feeling of guilt or anything within yourself.”
